

Application

Fuse UBR-M75P1 is assigned for the safely activating hand grenade BR-M75.

Specifications

Length	90 mm
Weight	57 g
Thread	M18x2.5
Delay time	3 - 4.4 s
Cotter pin pull force	68 - 177 N
Operating temperature	from -30°C to +50°C
UN Number	0106
ADR Number	1.1B

Packing

Fuse (when is delivered separately) is packed and it is transported with winded up cap (poss.3) in not hermetical wooden boxes. The fuses could be packed also in hermetical package, if that is required by buyer. When the fuse is delivering complete with grenade then it is packed altogether with grenade in hermetical plastic boxes, and then in the wooden box.

Shelf life

10 years assembled on grenade and in above notified storing conditions.

Keep on dry place, in the warehouse with good ventilation on the temperature from -20°C to +30°C.
